A car fire damaged a 1978 Continental owned by John Kraus, of Grayling, on Sunday. The fire took place at Kraus's residence off Roberts Road about 12:05 p.m. and Kraus battled the fire with a garden hose until the Grayling Fire Dept. arrived to finish extinguishing the blaze.

The Grayling Township Fire Dept. put out a mattress fire Wednesday, March 17, at the Bob Marlow residence on Pine Point Road. According to a Crawford County Sheriff Dept. report, Marlow got up about 2 a.m. and went back to bed smoking a cigarette. The mattress caught on fire and awoke Marlow around 4:45 a.m. when he called the fire department.

Clean Out Lockers Now!

Downhill Ski Season Ends at Hanson Hills

There was 4 inches of fresh snow on the ground and skiing conditions were excellent, but that was Sunday morning, and at 1:00 p.m. Saturday, March 20 the downhill slopes at Hanson Hills were closed for the season. The reason for closing was not a lack of snow or poor skiing conditions, but rather an apparent waining of enthusiasm in the downhill skiing portion of our population.

Hanson Park itself however ramins open, with cross country skiing seven days a week until conditions warrant the closing of the trails. Then there will be a short lull in the activity until things pick up with the coming of the spring and summer sport season at the park, which this year, will be open to the public every day, all summer long.

The lodge at the park will be open this weekend from 10:00 a.m. until 4:00 p.m. each day and skiers who rented lockers are asked to come and clean them out sometime during the weekend. Lockers which have not been cleaned out by April 5 will be opened by park personnel and the equipment placed in storage. Owners of the equipment will then be charged a storage fee for equipment left.

Juvenile B & E Suspect Apprehended

Crawford County Sheriff deputies apprehended an area juvenile in connection with a breaking and entering of a residence on W. Legner Trail Tuesday, March 16.

Acting on a tip from a neighbor, Sheriff deputies checked the area, found a home broken into, and received more information about a juvenile reported running from several houses on W. Legner Trail.

The juvenile was turned over to juvenile authorities. The Crawford County Sheriff Dept. said alertness from citizens again paid off in better protection for the community. The dept. asks anyone noticing suspicious behavior to call the department immediately.

School Board Meeting Changed to April 19

The monthly meeting of the Crawford AuSable Board of Education, usually scheduled for the second Monday of the month, will be changed in April.

Booster Club Promotes Super Soap for Athletic Program

The Grayling Boosters Club along with 13 local merchants are selling super soap to raise money for the high school and middle school athletic programs.

The super soap, concentrated laundry soap powder, comes in 10-pound reusable plastic pails for \$7.95 apiece. One pail will provide 80 washloads at ten cents a load compared to

25-50 cents a load for other laundry soaps. The Crawford County Avalanche, Ben Franklin, Grayling Mercantile, Weaver's Gift Shop, Mac's Rexall Drugs, Miller Hardware, Ole Dam Party Store, River Valley Foodland, Save-Way Laundromat, Scrub Board Laundromat, Wagon Wheel Cleaning Center, Grayling Holiday Mart, and

Everything Electronic are selling the super soap. Roger Wisniewski, of Woodlands Fence, is donating space in a shed for storage and Life Styles, Inc. are donating shipping costs to send the soap from Lansing.

Other merchants interested in selling the soap can contact Tom Trenary, Chairman of the project, or Larkin Baker, President of the Boosters Club.

Trenary will be the representative of the Booster Club picking up money from the sales and orders for additional supplies of the soap can be placed through him.

New Camp Commander on Post

104th YEAR * * * NO. 12—PHONE 348-6811

Camp Grayling, the National Guard training base here, is scheduled for a change of command on 1 May 1982. The designated commander, Col Ivan Gwilt, arrived at the Camp on March 1st for two months of transition training as an understudy to Col J R Lippert.

Col Gwilt comes to Camp Grayling from headquarters, Michigan ARNG where he has served fulltime for the past two years as Military Support Plans and Operations Officer. In that assignment he was in charge of emergency planning for aid to civil government, disaster recovery and mobilization planning. Prior to that he served fulltime for several years in the Guards armor battalion headquarters in Dowagiac and the 46th "Wolverine" Brigade headquarters in Wyoming as Command Administrative Officer.

Col Gwilt and wife Donna, will move into the commanders house on Camp Grayling early in May from their home in Grand Ledge, Michigan.

Col Lippert is retiring after reaching the mandatory retirement age of 55 years. He will have served in either the Army of the US or the Army National Guard for the past 37 years. His last three and one half years have been at Camp Grayling serving as both National Guard and Michigan Dept. of Military Affairs, Camp Commander.

Beaver Creek Meeting

There will be a Special Meeting at Beaver Creek Township Hall at 7:00 p.m., Thursday, March 25th to discuss fire protection.

Need Help

Anyone from the Class of 1972, interested in helping plan our ten year class reunion, may want to attend our first meeting Thursday, April 1st, at 7 p.m. at Tracy Roper Olender's residence.

Call 348-9163 or Mary Kay Blaauw at 348-5364 for more information.

Attention Softball Players

Attention softball players between the ages of 8 and 12! If you are interested in playing this summer call the 4-H Office at 348-2841 Ext. 265. We need to know how many are interested so that we can set up a calendar. Parents are needed to help coach and run the program also.

Warning

Weapons firing will be conducted at Camp Grayling during the period 23 - 27 & March 30 1982.

Firing will be going on in the following range areas:

The Small Arms Ranges located west of Lake Margrethe, north of Howe Rd., east of the gas pipeline and south of Portage Creek.

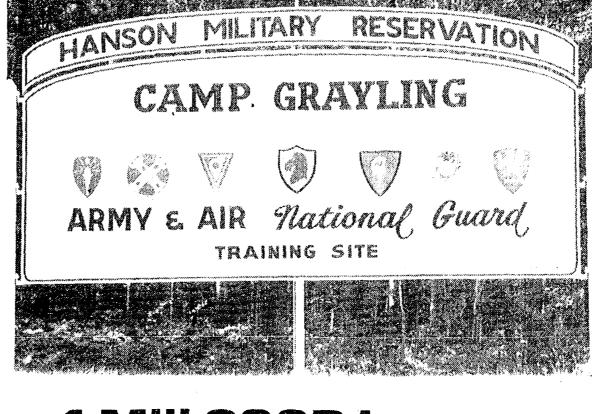

The Range 40 Complex located north of County Rd. 612, east of Guthrie Lake, south of Old State Rd 618 and west of County Rd F97.

The areas will be closed to the public during the period 23-27 & 30 March and all persons are warned to stay out of the areas identified.

1 Mill COOR Increase Placed on June Ballot

A one mill tax increase for special education in the COOR Intermediate School District will be voted on in the June school election.

When COOR was created in the 60's, a .75 mill was approved by voters to cover special education costs. COOR officials say the number of special education students and programs mandated by the state have increased over the years while state and federal aid for the programs have dropped.

COOR superintendent Harry Groulx said the six local school districts within. COOR have been paying the difference for the past couple of years. The one mill

increase request for one year will cover the cost of the special education programs as intended when the original millage was

The increased millage rate would raise an estimated \$700,000 - about the amount the local school districts have been contributing to special education costs.

The increase request will be on the annual June school election along with the selection of two members to COOR's Board of Education.

In other COOR news, the COOR Board of Education voted to ask the six local school districts to check out the possibility of summer property tax collection. Collecting half of property taxes in summer could save COOR money as well as local school districts because it would eliminate costly borrowing to operate from the start of their fiscal year in July until taxes are collected during witner. The cost of the extra collection during summer could be split among COOR and local school districts.

Crawford-AuSable School Board of Education already decided to look into summer collection at their last board meeting. An early estimate of the savings from summer collection was tabbed at \$100,000 a year.

KCC Staff Faces Layoffs

Almost half of Kirtland Community College's 20 fulltime instructors may be laid off this summer along with some administrators and other staff.

Nine full-time instructors received notices this month that the college is considering laying them off. State aid to KCC, its major source of funding, has been cut for three straight years. Executive cuts by Milliken this year could total \$360,000.

Robert Bovee, President of Kirtland's Board of Trustees, said state cuts are hurting all colleges in Michigan. He said it's possible three of Michigan's 28 community colleges may not reopen their doors next fall.

Bovee said Kirtland is better off than most community colleges and will offer most of its same programs next

Up to nine full-time instructors, however, could be replaced with part-time instructors. After unemployment benefits were paid for the first year, using parttime instructors would save approximately \$12,000 to \$15,000 each the next year.

"We realize this would just be a stop-gap measure," Bovee said.

He said the board of trustees knows quality of programs start to diminish without full-time direction. See KCC on Page 2

Camp Grayling This Summer Camp Grayling, the large military reservation near

National Guard Training at

Grayling, will host the biggest concentration of National Guard soldiers that has occurred for many years. Approximately 30,000 Guards and Reservists from Indiana, Ohio and Michigan will use the Camp between June and August for 15 day periods. An additional 1000 Canadian Militia will be there in August. This will be an increase of 7,500 from 1981 and almost double the number that trained in Grayling just four

13,000 soldiers of the 38th "Cyclone" Infantry Division from Indiana and Michigan will train together at Camp Grayling in July. This will mark the first time that Division has trained together since 1973. Two 15 day Annual Training (AT) periods will be utilized in a three week time frame. This will allow for a one-week overlap of the AT periods. Headquarters, 38th Division plans to conduct an extensive field training exercise (FTX) during the AT overlap period. Camp Grayling will be temporarily enlarged to provide adequate maneuver room for the FTX.

Other major combat units that will use the Camp this year are the 107th Armored Cavalry Regiment, 16th Engineer Brigade and the 73d Infantry Brigade all from Ohio. Canadian Militia units include field artillery and reconnaissance regiments.

Col J R Lippert the Michigan ARNG's Camp Grayling Commander stated that several factors were responsible for the increased use the last four years. He felt one of the biggest factors is the cooperative attitude of the Camps AR-NG, State Civil Service and Federal Civil Service fulltime staff. The Camp Headquarters and the Grayling Chamber of Commerce have done a lot of public relations work the last four years getting commanders throughout the Midwest to realize Camp Grayling's potential. The community and Camp personnel work together to make the reservation users feel welcome and important.

Col Lippert feels the Camp is a large factor in the economy of Northern Central Michigan. "Every increase of 5,000 more troops that train here will alone leaves more than one million dollars in the area" he stated. The Camp is doing it's best to help bring more Federal and out-of-state money

High School: Lost Some

Every year it happens some GHS students drop out of high school and never come back. This year, a reduction in classes may have increased the number of students leaving. Home economics, art, and

vocal music were a few of the classes cut. G.O.A.L., an alternative education program for upperclassmen, was also cut. Eight out of fifteen students in last year's class have left school this year, said Mike Delp, the

years. Stephan, teaching ry, advanced math, -algebra this year, me students may ing it up this year of the difficulty by shortening the day to five periods en periods.

GOAL instructor for six

Besides cutting some classes that helped keep borderline students school, the shortened fiveperiod day leaves students few choices. Four out of the five periods are usually filled with required classes such as math, English, science, social studies, and government.

Lacey Stephan said he had some kids in his advanced math classes this year because it was the only class that fit into their schedule. Consequently, more students are struggling this year.

The advanced students are missing out as well. Take one advanced academic class and that leaves no time in your schedule for gym, band, spanish, and so forth.

"In the long run the kids might be hurt by not being able to take the classes they

would have liked to, Stephan said.

For senior Robyn Jorgenson, the class reductions are going to affect her more than one year. She's planning on going to Northwestern next year to take commercial art. Right now, she can't take an art class because they were cut at the high school.

"I'm out of it for now. When I get to college I'll just nave to study harder to make up for this year," she said.

"They really zapped you," senior Chelle Warners told Jorgenson. "I'm glad this didn't happen when we were freshmen."

Warners is heading to Michigan State University next year and would like to earn a secondary teaching See High School on Page 2

Some of the nine instructors notified were senior members of the faculty. Kirtland's faculty have no tenure and the board picked areas where they felt parttime competent instructors could be hired.

They passed laboratory classes and other programs they felt could not be operated without a fulltime instructor.

A final decision concerning lay-offs should be made early this summer. The instructors were notified 60 days ahead of a possible layoff date according to their contract.

Bovee said the board hopes the cuts don't have to be made but wanted to let the instructors know there financial problems. Notifying all nine instructors where cuts could be made gives the board more options where the final decisions have to be made.

Kirtland receives funding from the state, tuition fees, and a one-mill tax on its district property owners.

The board voted to hike tuition fees \$3 a credit hour and increase lab and course fees. The hike still leaves KCC's tuition fees among the lowest in the state. The increase could raise about \$90,000 extra next year but KCC's other two sources of funds aren't as easy to control.

State aid has dropped continuously for three years and administrators are uneasy about counting on revenues from the state after executive cuts have reduced the amounts the college was told it would receive.

Bovee said asking to raise the millage rate is out of the question right now. The college doesn't even benefit from increased state equalizations every year. The state reduces its aid accordingly as millage brings in more.

KCC does have some reverse funds - they're using about \$120,000 to make it through the rest of this year. But college officials want to stretch them out to last more than next year because they feel the economy in the state isn't going to turn around in one year.

From Our Corner ...

Just when it was beginning to look like spring, whambow we were let to know winter is not over yet...residents were greeted with about 3 inches of monow Sunday morning...must be that belated St. Patrick's Day snow that we normally get...about the only good thing about it, is that it covers up the old black snow banks and will help melt them...otherwise we really didn't need, we have had our share this winter...

Mark your calendar for Monday, March 29th and support the Grayling Youth Booster Club Spaghetti Dinner at the Arrowhead Inn on I-75 Business Loop South...all the proceeds go to Booster Club's High School Athletic Fund...Irv tells us it's going to be sumptuous...serving is from 4:30 till 8:00...have a good meal and at the same time you know your helping the athletic program in our school system...tariff, \$3.50 and \$2.50 for all you can eat...

You know you have been missed, when...your good friend and former golf partner, Hookielau, alias Dr. Hoffman meets you at the post office the day you get back from two weeks vacation and we just pass good mornings, than a few days later you meet again and he says goah I didn't know you were gone until we read this week's Avalanche, so he says anyway, welcome back...he must have missed two issues of the paper...

Our Moon faced friend John, who operates the Southend Leonard station approached us in the bank a few days after we had returned and demanded that we extend two weeks on his subscription just because we didn't have a column for two weeks and that he had paid for a full issue of the Avalanche, not just the words, on vacation...we don't know if he meant that, or just to make us feel good coming back to all this snow that we had hoped would be

We had the misfortune of running into the Leprechaun on his favorite day...if you want to be around someone who thinks he is king of the universe...that's him on St. Pat's Day...anyway he almost done in this ol' Dane, just because he couldn't sit still...seems as soon as we got a green orange pop he was ready to move...time was running out, but we still managed to hit Scheys Country House after the corn beef and cabbage had been served, but the place was still jumping...after looking around, we couldn't figure out how Grayling came up with so many Irishmen...everyone had green on, in fact when we climbed out of the sack the next morning that is all we could see was green...now the Lep has another day to think about... Bastile Day when his bride has her say for what is going to happen, and we're sure he will be listening, after all he is only king for a day...

It's that time of year when the worms come out of their holes and a time that everyone should be on atheir toes and lock the doors to their cars while shopping or just downtown on business...we know the penalty...last year someone relieved us of our CB and antenna when we stupidly left the wagon unlocked in back of the Avalanche...just a word of caution...

We shouldn't have complained about the 3 inches of snow we received Sunday...Monday turned out to be just a wonderful sun shining day...maybe we are really on the way out of the winter doldrums...

This about does it for this week's efforts...good night T.J., Stef and Amber and to you Toni we are hoping everything turns out fine following Wednesdays tests...to all our readers, have a nice weekend and think spring, it can't be too far away...

From Calvary Baptist Church

7 Reasons for Capital Punishment

The mass murder of the Paulson family of Allendale on the heals of the family murders near Farwell are 12 emotional reasons stirring the people of Michigan to push for Capital Punishment. Let us examine our Bibles and find 7 Biblical reasons to support our intellect and motivate our will.

1. The Universal Flood of Genesis shows God ending human violence on earth by punishment of death. "And God said unto Noah, The end of all flesh is come before me; for the earth is filled with violence through them; and, behold, I will destroy them with the earth." Genesis 6:13.

2. The crowning image of God in man's creation demands capital punishment for human murder, "Whoso sheddeth man's blood, by man shall his blood be shed: for in the image of God made he man." Genesis 9:6. This verse clearly authorizes the establishment of human government to carry out God's punishment of those who sin against God's image in man.

3. The purpose of human government under God's authority is to reward the good and punish the wicked. "For rulers are not a terror to good works, but to the evil. Wilt thou then not be afraid of the power? do that which is good, and thou shalt have praise of the same: For he is the minister of God to thee for good. But if thou do that which is evil, be afraid; for he beareth not the sword in vain: for he is the minister of God, a revenger to execute wrath upon him that doeth evil." Romans 13:3,4. The sword kills.

great apostle Paul supports Capital Punishment. When Paul was falsely tried he appealed to Caesar's judgment seat in Rome, Acts 25:10, and clearly declared: "For if I be an offender, or have committed anything worthy of death, I refuse not to die..." Acts 25:11a. Paul believed in crimes worthy of death and insisted that such penalty be carried out even if it involved his own neck.

5. The alternative of con-

trolling violence today is mass destruction by God's hand during the coming 7 years of the Great Tribulation. Just as God curbed human violence by the universal flood, even so God has promised to again judge violence in the Great Tribulation period described in Revelation chapters 6

through 19.

6. The death of our Lord Jesus Christ on Calvary is God's supreme example of Capital Punishment. Christ is "the Lamb slain from the foundation of the world." Revelation 13:8. Christ was "delivered by the determinate counsel and foreknowledge of God" to be crucified for sin. Acts 2:23. God prophesied the substitutionary death of Christ for our sins in Isaiah 53. "Yet it pleased the Lord to bruise him; he hath put him to grief: when thou shalt make his soul an offering for sin...He shall see of the travail of his soul, and shall be satisfied..." Isaiah 53:10, 11.

7. Eternal Hell speaks of God's judgment on sin. If Capital Punishment would spare or detour one soul from eternal Hell, It would be worth it. "But the fearful, and unbelieving, and the abominable, and murderers, and whoremongers, and sorcerers, and idolaters, and all liars, shall have their part in the lake which burneth with fire and brimstone: which is second death." Revelation 21:8. (adv.)

Arts Council Meeting

«Consortium **Receives Award**

The U.S. Dept. of Labor has announced that the Northeast Michigan Manpower Consortium is the recipient of an achievement award for the past year. This award has been given to recognize outstanding achievement in the past year in the administration of ployment and training activities and services.

The Consortium, an eight county organization with membership from each county's Board of Commissioners, is located in Onaway.

The current Board member for Crawford County is Walter Nowak of Grayling.

House Call: Emergency Calls

When someone needs an ambulance, there's no time to lose, fumbling for the telephone directory, looking up the emergency number, forgetting the address. Someone having a heart attack, giving birth prematurely, in shock from broken bones or burns or other severe accidents needs help within minutes. The speed and efficiency of the caller could

Ambulances try to respond within four to six minutes in most cities. That's called a short response time. But what of the person who makes the call? Precious minutes could be wasted, if a person is not always prepared to make that call.

help save a life.

If the emergency number is posted on or near the telephone, that's a beginning. But are your name and address clearly printed in plain view, as well as the name of your doctor, the medication you take? Is your house number visible from the street, and are your streets marked? If you house or apartment is hard to find, are instructions for locating it written out?

When you place an emergency call, don't hang up until the operator tells you to do so. More information might be needed, and if you hang up, they might not be able to get back to you.

Someone unable to unlock the door should tell the emergency operator that the door is locked so police can be contacted to force entry for the emergency team.

Buildings with elevators pose another problem. Someone should be stationed downstairs near the entrance to hold the elevator for the emergency team, and direct them to the proper apartment or office. The person should remain there in case additional help is on the way. If possible, another person should be posted at the elevator on the floor of the office or apartment to have the elevator ready for the patient's departure to the hospital, if that is necessary.

Hi! I'm Chris Clover here with the news from the Crawford County 4-H Clubs. March may have come in like a lion but the 4-H Clubs are springing into spring with their activities.

The Small Farm Animals Club is busy with learning about spring births on the farm. Jay Mobarak gave a talk in his Kindergarten class on the embryonic development of a chicken. He drew pictures showing how the chicken develops on the 5th, 10th, 15th and 20th day of incubation. He won a blue ribbon on this project at the last 4-H Achievement

The 4-H followed up with putting a incubator in Mrs. Slater's class so the children can see the final results of incubation. Quail eggs are being used for that purpose.

The Small Farm Animal Club would like to welcome their newest member Chris Derhart and have room for more members.

Attention all boys and girls between the ages of 8 and 12 who are interested in playing softball this summer! Please call the 4-H Office as soon as possible. We need to know how many are interested so that we can set up a calendar. We need parents to help coach and help run the program.

The Performing Arts Club would like to thank everyone who helped them raise over a \$100 on their Silent Auction and Bake Sale out at the Mini Mall. They are very busy practicing and making plans

In Mrs. Fleming's third grade class they each made multiplication flashcards. For St. Patrick's Day they tracked shamrocks on white paper and decorated them. In spelling, the class tried to write as many homonyms in one sentence as they could. Tanya Johnson was the winner with 9 homonyms. This week we talked to Tracy Welch and Mark Woodbury. By Debbie Jones and Betty Partello, 5th grade.

Mr. Brigham's 5th Grade

In math they are in multiplication. In English they write sentences dealing with rise and raise and in social studies they are reading about Mexico. Science is learning about the eclipse. They're making designs in Art. They are working out of their reading workbooks. Most of us don't have gym but Mr. Brigham lets his class go outside and play kickball. This week I interviewed Lauri Beth Goss. By Janice Helsel, 5th grade.

One of the students in Miss Williams' class brought in a hamster named Hammy Sammy. He is a sandy color. When they are born they are smaller than a dollar bill. They brought him in a cardboard box. But his dad showed them pictures of his big cage at home. They also showed them pictures of other kids of hamsters. Their hamster is very long. They feed it chocolate treats for hamsters and vegetables like carrots. They enjoyed seeing it. By Amy Denton and Yvette Badawi, 5th grade.

Mrs. Benson's third grade class have a model of a body in their classroom. They are studying the body in science. They are also doing string painting in art. Mrs. Benson also had Mrs. Waller come in and show the children the brailler. She is going to write each one of their names in braille. In English class. they are sending postcards to different states. Wherever they write to they hope to get information about that state. By Janet Petrosky and Sheryl Klinger, 5th grade.

Mrs. Larson's first grade classroom learned how to count money. We talked to Holly McNary and Missy Halstead. We gave Holly and Missy a test. I gave Hollie twenty-five cents plus ten cents and she got it right. Jannice gave Missy a test and it was ten cents plus five cents plus one cent and she got it right. Mrs. Larson's classroom has been studying weather, too. We talked to Jenny Elliott, Kelly Harrison, and Levin Gilman. They have been reading about it. They made folders to put in all the things they learned on weather. They also watched a filmstrip, After the movie Mrs. Larson gave her class a test about everything they learned in the movie. They learned about the wind, sun, stars, and clouds. They learned how the rain falls. By Lori Gust and Jannice LaDuke. 5th grade.

Milliken Calls for Income Tax Hike to **Bolster Sagging Revenues**

Warren M. Hoyt, Executive Director, MPA

Although Governor William G. Milliken will have served fourteen years as the state's chief executive, he may best be remembered for his last few months in office as he has asked the Legislature to approve a hike in the state's income tax rate.

In an effort to keep both the current fiscal year budget balanced and prevent problems in the upcoming fiscal year (beginning October 1), Milliken is calling for an income tax increase to 5.3 per-cent (up from the current 4.6 per-cent rate), further budget cuts of \$450 million this year and the elimination of a state employee pay raise for 1983.

Milliken said, in an unusual statewide television address to the people, that Michigan's continuing fiscal crisis has made it impossible to abide with his plan in January when he said there would be no need for a general tax increase this year.

The governor blamed two consecutive national recessions and high interest rates for plunging the state into depression.

He said the situation of extraordinary cuts and the tax increase was necessary and "if not met forcefully and courageously will cripple this state for years and years to come."

The governor's chief fiscal advisor, Management and Budget Director Gerald Miller, further warned that if a program is not adopted to balance the current year budget and a 1983 budget is not adopted by July, Michigan probably would not be able to borrow \$500 million needed to meet state payments on October 1.

That, he said, "would bring on the greatest chaos this state has ever

Miller said the executive office would be willing to compromise in any way to get a package, except in terms of a temporary tax increase.

That, he said, would not solve the problem for the 1983 fiscal year budget, nor would it deal with maintaining the transportation system or eliminating a cash flow deficit.

The tax hike will not come easy. It will have to be enacted by the Legislature, which faces the voters this

year as all 148 House and Senate seats are up for grabs.

It is expected, however, that the Legislature will muster the necessary votes to carry the tax hike which Milliken would like to see take effect by April 1.

Additionally, the Legislature will have to act to rescind the 5 percent state employee pay raise scheduled to take effect October 1. That 5 percent pay raise translates to around \$55 million during the next fiscal

The Senate and House Appropriations Committee will have the final say on the budget-cutting executive order. They can only accept or reject the order. If they reject it, negotiations will follow for a revised order.

The .7 per-cent income tax increase would generate another \$160 million for the remainder of the current fiscal year. Of the total, \$135 million would go to the general fund and \$25 million would go for cash restoration to solve the state's cash flow problems.

The executive order would eliminate fourth quarter payments to state colleges and universities (\$136 million), community colleges (\$30 million) and local governments (\$58 million).

Fourth quarter school aid payments would also be eliminated for a savings of \$35 million.

Also, a part of the executive order will be a \$3 million cut in payments to physicians, \$50 million in departmental cuts and \$70 million in employee layoffs or savings.

These extraordinary measures are being proposed by Milliken at a time when he could coast through the remainder of his term and then leave the problems for the next administration.

Milliken has always faced problems head on and has chosen to continue doing so for the rest of 1982. Unfortunately, the first 13 years of the Milliken administration will be overshadowed by one of the last major acts of his administration -raising taxes.

That is probably how he will be remembered.

"Act 181, to become effective this April 1, amends the previous law which allowed shining as long as the permany poachers were finding ways around that restriction. The number of complaints of shining in rural areas was increasing."

The new law does not prohibit raccoon hunters from carrying lights during their hunting season, between September 1 and March 31, Opolka says. Other exceptions include use of lights by law enforcement officers, utility workers in performance of their jobs, people driving on highways or searching for mail box or house

Helen Crawford Retires From Printing Business

In 1974, Helen Crawford business at her home using a mimeograph machine. She expanded, started the Golden Rule printing service, and moved into a building first on Ingham Street then inside the West-72 Industrial Plaza.

After eight years, Crawand has sold the Golden Rule. Rick Mead, with seven years experience in printing, bought the business on March 15. He plans to continue offering services Crawford supplied and hopes to add a couple of new services.

Crawford, who moved to Grayling in 1970, intends to the community. stay in the area.

Cheese It!

Crawford County Dept. of Social Services Director, Beverly J. Cuthbert, announced today that government surplus cheese will be available to some County residents.

Families eligible for this distribution are those currently receiving food stamps here.

She cautioned that the supply will be limited, and that distribution will be on a first-come, first-serve basis, between 10:00 a.m. and 1:00 p.m. on Tuesday, March 30,

The place of distribution is the High School parking lot, on U.S. 27, north of Grayling.

Distribution previously been completed to Senior Citizens. People over age 60 will, therefore, not be eligible on this date.

RSVP Reports

By Sherry Haag Director

Welcome to news of the Retired Senior Volunteer Program. This week's topic is Continuing Community Participation of Seniors. started her own printing There is a dangerous myth that upon reaching the magical age of 65 or 70, people no longer can be active members of their communities. RSVP volunteers all over the United States are disproving that myth. Volunteers working with area agencies are proving that ford is retiring from printing experience and age can be used to benefit everyone. Volunteers provide service hours to organizations that would not be able to provide services if not for the unpaid senior volunteer. This, in turn, gives the senior the feeling of being a useful, contributing, needed member of

Last week I several resolutions passed at the White House Conference on Aging. Other resolutions passed at that conference were:

1. Public policy should provide adequately funded in-home and community ser-

2. Congress and the President should develop a national health policy covering government and private sectors and guaranteeing full and comprehensive health services for all Americans.

3. Federal subsidies for toxic substances, including tobacco, alcohol, pesticides, and harmful food additives should be dropped.

If you agree or disagree with these resolutions, let your feelings be known. Write your state and national Congressmen, Representatives, Senators. If you're not sure of addresses, stop by or call the office. We have a listing of all the names and addresses. In Michigan, one in seven people (or 14%) is 60 or older. By making your voices heard, you can influence decisions! Get involved!

There has been a change in the date for the Recognition Dinner. The new date will be May 7. Time remains 6 p.m. and it will still be held at the Holiday Inn. So change your calendar to May 7 for the RSVP Annual Recognition Dinner.

Remember, to be a guest of RSVP, you must have served 30 hours during the 81-82 Grant Year. For all others and their guests, the fee will be \$5.00. If you are not sure of the number of hours you have, give the office a call. If you need more hours, we'll try and find something for you to do.

Volunteers are needed for the Decorations Committee for the Recognition Dinner. If you're interested, give us a call at 348-4341 or 348-8322.

If you are 60 years of age or older and would be interested in becoming a member of RSVP, or know someone who might be interested, stop by the office for more information.

CARD OF THANKS

I wish to thank all of the friends who expressed their sympathy in many ways in this time of sorrow. The loving attention of the nurses in critical care, the Sisters and the Doctors.

Doodles From The Tall Timber

Wendell L. Hoover Park Interpreter

It has been nearly a year since I started writing Doodles, which was conceived as a way to let people know what was going on at the Hartwick Pines State Park. Each column amounts to a page full of handwritten notes which sometimes require a fair amount of thought and research. It has been fun, at least most of the time, to write about subjects not often familiar to many people. The voiced reaction from people who read the column has been most appreciated so, with that in mind, I will attempt another

At this time of year, most of us are anxious for spring to arrive but as I write this, it is snowing. Two arrivals of wildlife give a hint of an impending change in the weather. The eagles are back from their short migration to the south where open waters allow them to hunt for fish. I am not sure if male or female, but the white head and tail feathers were unmistakable. By now the courtship display has taken place, the nest has been refurbished, and the incubation of one to three eggs has commenced. By the time the eggs hatch, the snow will be pretty much gone and the lakes and streams of the area will be pretty much free

In addition, the crows are back. They shifted south early in the winter, not to the far south but just far enough to be assured of a food supply. The crows which are here now may move further north as the season moderates to be replaced by others of their kinds. So if you are getting cabin fever, rest assured that snow-melting time is just around the

GUNS ARE NOT TOYS-Mark Lutz expressed to the fourth grade students that "Guns are not Toys" in a Junior Deputy Program recently. Even though the students are generally too young to hunt, it is a good safety precaution for students to know how guns should be handled. Pictured along with Mr. Lutz is Mike McMillan and Ian Doten.

SHERIFF'S DEPARTMENT—Mike Johnson of the Crawford County Sheriff Department discussed with the fourth grade students his occupation as administrator of the cells. The students had interesting questions. One student wanted to know what the inmates eat. Another asked about the type of clothing they wear.

Because Mr. Hayes' class is a third and fourth grade split, Tracy Wolf of the third grade (left) was allowed in with the other third graders to sit in and listen to the fourth grade program. Sandy Bawcum (right) is a fourth grader.

SOMEONE TO THANK

"God is a product of man's imagination," announced the dignified intellectual who occupied our TV screen. "God isn't dead," he argued as our children watched. "He was never alive!'

Mary and I felt that Christian children such as ours should realize that not everyone believes in God. Perhaps, knowing this, they could better understand the state of the world. We would encourage and answer their questions as best we could, confident that God would not allow their faith to be destroyed.

Later, before I tucked Kristen into bed, she clasped her hands and closed her eyes. "Dear Lord," she prayed, "thank you for Mommy and Daddy. Thank you for Zoomie (her goldnsn) and Toddy and my new dress . . . '' She stopped suddenly and I raised questioning eyes to her. "Daddy," she said anxiously, "that man on TV doesn't have anyone to thank!"

Do you have Someone to thank? Come worship this week.

Turkey **Hunters** Workshop

April 4 (Sunday) is the date of the 3rd Northern Michigan Turkey Hunters Workshop. This year's session will be held at the Roscommon High School (Co. Road 100, Southwest of Roscommon) according to Roy Spangler, Roscommon/ Crawford County Extension Director. Over 20,000 hunting permits will be issued this year as turkey hunting continues to expand. The challenge is still rather new and many hunters are first timers in this fast expanding sport. The turkey workshop is designed to make the hunting experience more productive, and hopefully to aid in helping this become a more economically, viable industry for Michigan.

The event officially begins at 1:00 p.m. with the time from 11:00 a.m. to 1:00 p.m. available for registration and the viewing of films and exhibits. Lunch is available for those interested. A \$2.00 registration fee will be charged for basic expenses. A drawing for gifts will be a meeting highlight. Adjourn-

ment is set for 4:00 p.m. The program will feature turkey management, hunting forecast, hunting tips and techniques, calling demonstrations and workshops, use of decoys, as well as other useful information on understanding this wily

bird. The workshop is sponsored by the Michigan Wild Turkey Federation with support and cooperation from the Cooperative Extension Service of Michigan State University and the Wildlife Division of the Michigan

Dept. of Natural Resources. If further information is needed concerning the workcall 517-275-5151 (DNR).

Everyone is welcome to attend the workshop which deals with this new and important addition to our Northern Michigan scene.

Consumers Pays \$97.6 Million in Taxes

JACKSON, Mich.-More than \$97.6 million in real and personal property taxes were paid to nearly 1,400 units of government in the lower peninsula of Michigan by Consumers Power Company in 1981 and early in

Among the 68 counties in which the taxes were paid, Bay County ranked first, with a payment in excess of \$11 million. Ottawa County was second, with a payment of more than \$10 million.

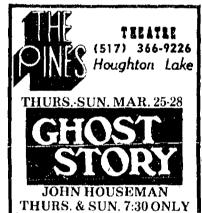

Bay County is the location of the Company's Karn-Weadock generating complex. The Company's Campbell generating complex is located in Ottawa County. Taxes in Midland County, site of the Midland nuclear power plant construction site, were a close third, with more than \$9 million paid.

A portion of the taxes paid represented taxes on poles, gas lines and other equipment. As an investor-owned utility, the Company paid taxes on all taxable real and personal property.

The tax breakdown, for area counties, with all figures rounded to the nearest dollar is: Crawford \$98,073, Gladwin \$347,946, Grand Traverse \$474,770, Kalkaska \$304,878, Ogemaw \$318,074, Oscoda \$236,484, Otsego \$266,708 and Roscommon \$53,210.

LET YOUR TAXES HELP FINANCE YOUR RETIREMENT WITH AN I.R.A. AT GAYLORD STATE BANK

Now ALL WORKERS, whether their employers have a qualified pension plan or not, are able to maintain an Individual Retirement Account (I.R.A.). An I.R.A. is a personal tax sheltered retirement savings plan that allows tax-deferred contributions with compounded interest to accumulate until retirement (anytime after $59\frac{1}{2}$ years of age).

I.R.A. Basic Features:

- Anyone who earns income can open an I.R.A. regardless of any other retirement plan currently in effect.
- •You can invest up to \$2,000 a year or 100% of your wages — whichever is less.
- •If your spouse earns income, he or she can also invest up to \$2,000 a year.
- You can contribute annually, monthly, weekly or any other way that fits your budget.
- Your funds are secured because each depositor is insured up to \$100,000 by the FDIC.

For more additional information on the I.R.A. contact any office of the bank. Gaylord 732-2411

"WHERE NEIGHBORS HELP NEIGHBORS TO GROW"

It is ordered that said complaint will be brought on for hearing and judgement at the April term of this Court, to be held at Grayling in the County of Crawford State of Michigan, on the 5th day of April A.D. 1982, at the opening of the Court on that day, and that all persons interested in such lands or any part thereof, desiring to contest the lien claimed thereon by the State of Michigan, for such taxes, interest and charges, or any part thereof, shall appear in said Court, and file with the clerk thereof their objections thereto on or before the first day of the term of this Court above mentioned, and that in default thereof the same will be taken as confessed and a judgement will be taken and entered as prayed for in said complaint. And it is further ordered that in pursuance of said judgement the lands described in said complaint for which a judgement of sale shall be made, will be sold for the several taxes, interest and charges thereon as determined by such judgement, on the first Tuesday in May hereafter, beginning at 10 o'clock a.m. on said day, or on the day or days subsequent thereto as may be necessary to complete the sale of said lands and of each and every parcel thereof, at the office of the County Treasurer, or at such convenient place as shall be selected by him at the county seat of the county of Crawford State of Michigan; and that the sale then and there made will be a public sale, and each parcel described in the judgement shall be separately exposed for sale for the total taxes, interest and charges, and the sale shall be made to the person paying the full amount charged against such parcel, and accepting a con veyance of the smallest undivided fee simple interest therein; or, if no person will pay the taxes and charges and take a conveyance of less than the entire thereof, then the whole parcel shall be offered and sold. If any parcel of land cannot be sold for taxes, interest and charges, such parcel shall be passed over for the time being, and shall, on the succeeding day, or before the close of the sale, be reoffered, and if on such second offer, or during such sale, the same cannot be

IN THE CIRCUIT COURT FOR THE COUNTY OF CRAWFORD In the Matter of the Complaint of the State Treasurer of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed there-To the Circuit Court for the County of

Crawford. LOREN E. MONROE, State Treasurer of the State of Michigan, respectfully shows unto the Court

. That he is the State Treasurer of the State of Michigan and makes and files this complaint under, by virtue of and pur suant to the provisions of Act No. 206 of the Public Acts of 1893, as amended, and Act No. 380 of P.A. 1965, as amended 2. That Schedule A annexed hereto is the tax record required by the act first above mentioned and contains the description of all lands in the aforesaid county upon which taxes, which were

assessed for the years mentioned therein have remained unpaid for more than one year after they were returned as delin quent, the description of all lands in said county heretofore bld off in the name of the State and thus held and upon which taxes which were assessed subsequer to the tax for which such lands were sold. to the State have remained unpaid for more than one year after they were returned as delinquent. 3. That extended separately in said schedule against each description of said

lands therein contained are (a) the total amount of delinquent taxes upon said description for the non-payment of which the same may lawfully be sold at the next annual tax sale, (b) interest computed thereon as provided by law to the first day of May, next ensuing, (c) a collection fe of four per cent which shall be a minimum of \$1.00 as provided by Section 211.59 C.L. 1970, as amended, and (d) \$10.00 for expenses, all in accordance with the provisions of the act first above mentioned. 4. That all of the aforesaid taxes, in-

terest and charges are valid, delinquent and unpaid, and have remained delinquent and unpaid for sufficient time to authorize and require, as provided by the foregoing acts, the sale of the afore said parcels of land against which they were assessed and are extended in said the non-payment thereof, and that the said taxes, interest, collection fee and expenses so extended in said schedule against each parcel of land therein fescribed constitute a valid lien upor each of the said several parcels of land described in said schedule as therein and against which extended in favor of the people of the State of Michigan, the pay as a preferred or first claim upon such lands by the sale thereof Wherefore your plaintiff prays

a. That within the time provided by law this court may determine and adjudge that the aforesaid taxes, interest, collect tion fee and charges are valid and con stitute a valid lien upon each of the said several parcels of land described in said schedule as therein extended:

 b. That within the time provided by law this court make a final judgement in favor of the State of Michigan against each parcel of said lands for the payment of the several amounts of taxes, interest, collection fee and expenses as computed and extended in said schedule against th several parcels of land therein contained. and the amounts listed in the column headed "aggregate" shall constitute the amounts adjudged against the said several parcels, unless so amended by

c. That said judgement provide that in default of the payment so ordered of the said several sums computed and extended against said lands in said schedule, the said several parcels of land, or such interest therein as may be necessary to satisfy the amount adjudge against the same, shall severally be sold

as the law provides: d. That your plaintiff may have such other and further relief in the premises as to this court may seem just and equitable. And your plaintiff will ever pray, etc.

The Hall Tree

By Esther C. Hall

Others have written of 'Grayling in the past'—I too, would like to add a bit. My story starts in the 1890's; and on a street named Railroad Reserve: so called because they intended to lay a railroad along this route. They did have a warehouse here; and this building was bought by my parents (Frank and Vie Jennings), and made into their home. Six of their nine children were born on this spot; which is located across from the AuSagra Acres main building; inbetween their TV aerial (next to Matt Bidvia), and an oak tree which my sister Alice (Shaw) planted at this former 306 R.R. Reserve. For more than 50 years, quiet, reverent, church services were held in our home (as is found in the N.T. of the Bible); so, it was Holy Ground to me.

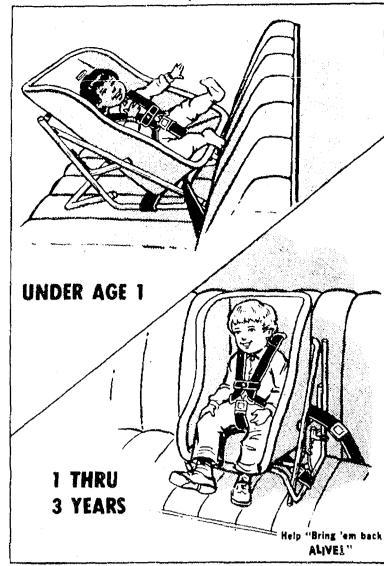

At one time, maybe before I was born, my mother sold stock for a nursery; and our big yard showed evidence of it: 2 rows of poplar trees in front were a landmark to many. In the yard were fruit trees, grape vines, currant bushes, rhubarb, green onions, sage, flowers, and etc. Ma sold chickens to Cassidys when they ran the Shoppenagon.

We were so poor that our names didn't get in the paper when we were born (I watched for mine in the 1906 news); but we were surrounded by poor people, even to Indians and Finnish. We never quarreled with them, nor were prejudized in any way toward them. I do remember Indian homes were poorer than ours; even Shops' by the river. One time, on a picnic, my folks gave Shops some ice cream, he spit it out and said hot. One Indian woman (Chitigo, living on Madsen) gave Ma a beautiful pieced quilt; the pieces seemed postagestamp size to me. Ma helped care for her husband when he was dying; she helped many, in times of sickness. Pa was a carpenter. We didn't have toys like children do today; but he made us a 2 seated wooden swing; and set a plank on a spike on a post for our merry-go-round. Once he made a scale model of a merry-go-round (that worked), but must have sold it and all rights to someone. The dirtiest I ever saw Pa was when he came home from helping fight a forest fire where the golf course is now. We had a one rail fence in back to keep the neighbor's cows out of the garden; how I and friends liked to flip over this rail. Later, the chicken coop was my playhouse.

My brother Loyd (one of first firemen, carpenter, fisherman, guide) built his one room cabin on the north end of the land; also a workshop, where he had a punching bag, and even had dances there. These all vanished as the AuSagra Acres took form. It grieved me as they cast aside this part of Grayling's history (maybe unknown), and changed it to Lawndale Drive. We were happy there even though part of the poorer population.

How scared I was the first time the Doctor's (Insley or Canfield) automobile drove up in front of the house.

LAW REQUIRES CHILD RESTRAINT

Children under age 4 must be properly restrained while riding in cars, according to a Michigan law effective April 1. Infants under 1 year old on the front or back seat must ride in an approved child restraint. Children ages 1 through 3 must ride in an approved restraint while in the front seat and either a child restraint or a seat belt in the back seat. Convertible child restraints (such as the model shown above) adjust for use by infants and older children. A list of federally approved child restraints is available at the Automobile Club of Michigan's 56 offices statewide. Auto Club estimates compliance with the new law could reduce deaths 90 percent and injuries 80 percent for youngsters involved in auto accidents.

THE 1981 ECONOMIC RECOVERY TAX ACT... has introduced many changes in the tax laws. This year you could exhaust yourself attempting to comprehend the new provisions or you

La Leche League **Meeting Notice**

"Nutrition and Weaning" will be the topic for discussion at the April meeting of Roscommon La Leche League. The meeting will be held on Thursday, April 1 at 7:30 p.m. at 6571 Barbara Drive, Wildwood Park, Higgins Lake. This is the last meeting of this series; a new series will begin in May in Roscommon.

La Leche League believes that mother's milk is the best food for baby; more importantly, that breastfeeding gives the baby the best start in living.

The discussion will include suggestions about nutrition for nursing mothers, their families and starting the baby on solid food, as well as information about weaning the breastfed baby.

Expectant mothers are encouraged to attend the series of meetings before the arrives. Nursing babies are always welcome. For further information, or for breastfeeding help, call Carolynn Crist at 275-8431.

Some of my readers expect a whole column on the next subject; not quite, only half a column! Those big smiles you saw on our faces last Thursday was the arrival of Peter Andrey Smith on March 18, 1982, at Duchess County Hospital, Rhinebeck, N.Y. He arrived at 3 a.m. to Richard and Billie Smith of Saugerties, N.Y., weighing 8 lbs. 1 oz. and being 191/2 inches long. Par For The Course By Fay Bovee

There was a bare spot on number one bunker before our Sunday snowstorm. March has been too calm for March; it was determined to give us one last fling, the second day of spring.

Ray Lange, president of the club for '82, urges everyone to come for the opening on Friday, April 2, for the Happy Hour. I don't believe you'll need your shoes and clubs yet; however, we need to give a big welcome to the new club manager and his staff. Come out, join the fun, and greet the friends that you haven't

seen all winter. There have been inquiries already about the Wednesday Auxiliary; please call Joanne Olson or Carolyn DiPonio if you wish informa-
